A representative example

*This comparison rate is based on a \$30,000 unsecured personal loan for a 5-year term. Warning: The comparison rate is true only for the

example given and may not include all fees and charges. Different loan terms, fees or loan amounts might result in a different comparison rate. Loan terms range from 1 year to 7 years. The minimum interest rate is 5.75% p.a. (comparison rate of 7.60% p.a.). The maximum interest rate is 19.99% p.a. (comparison rate of 23.68% p.a.). For the representative example of a \$30k loan paid over 5 years, assuming an interest rate of 13.99% p.a. where no extra repayments are made, the total amount of principal, interest and fee payable over the term of the loan is \$44,274.
